## COURAGEOUS SCENES INVESTIGATIONS

### MARS HILL VBS 2009

July 19 – 23

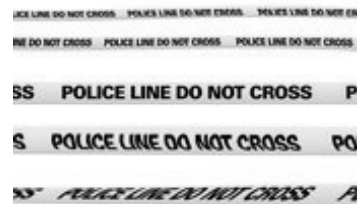

7-8:30 p.m.

Your help is needed. Some mysterious things have occurred and it will take everyone's investigative skills to solve the mysteries.

- A man's one and only lamb has disappeared. An APB (*All-Points-Bulletin*) has been issued. What has happened?
- There is evidence of a great fire, everything has been consumed. The only evidence is water and charred ground. How could this have happened?
- It has been reported that a man has survived an entire night surrounded by hungry, savage beasts. How did he come to be there? How was he able to survive?
- A strangely dressed individual has been attracting large crowds and publicly condemning the attitudes and actions of powerful public officials. Who is this man?
- Another individual seems to be determined to change the religious direction of the world. Recently, He has been talking about plans some have to kill him. Yet, he continues. Who is he? What does he really want?

Invite everyone you know to join in investigating these courageous Bible scenes.
