I've often looked back on events in my life that I might refer to as "what if" moments. Life changing moments that turned on a decision or indecision, I would have, could have or should have. Often, they are moments of gratitude for the changes in my life that have been blessings I could never have imagined or deserved. Sometimes I look back and shudder and ask myself, what was I thinking? Well, probably I wasn't and that might have been the root of the problem. Because of a multitude of issues at UCA in my sophomore year, some mine and some others, I attended a small denominational college in Conway for one semester. One of the best things that ever happened to me. I was struggling with getting my education and it was the caring environment that I needed. I could have quit but I was encouraged to continue. Today if we contribute to the CRC Day contribution, maybe just maybe a young man becomes a gospel preacher or a young lady becomes a Christian mother that anchors a family. You never know if someday they look back and find the turning point was CRC. The widow's mite can make a huge difference in someone's life.
