Did I Do That?

Sometimes in life there are times that we take credit for something we did not do. Solomon may have been that way with all the great things he achieved. In 2 Chronicles 9 we read about people coming from everywhere to learn from the wisdom of Solomon and it made him a wealthy man. After continuing to read the story we find in verse 23 that Kings came from everywhere to hear Solomon's wisdom that God put in the mind of Solomon. Never forget that God plays a larger role in our lives than we give him credit for at times.

Grace and Peace
