## Back to School

To hear the phrase, “Back to School”, brings different emotions. Some are happy, some are sad, some are nervous, and some there is no emotion. The same could be true when someone hears the phrase, “The Beatitudes”. Some are happy to follow, some are sad because they don’t want to follow, some are nervous wondering if they can follow, and some don’t care and it brings no emotion. Depending on how you feel about the beatitudes, may impact how you feel about going back to school. Try taking the wisdom found in the beatitudes and applying it to the new school year and see if it helps you and your school.

Welcome Back, Keith
