Walk for Water?

What do you think when someone says they are going for a walk? Usually for health reasons is what comes to my mind. I would never think that they are going to walk for two miles and collect water and bring it back to the house so they would have water for that day. I pray it brings them joy when they physically have clean water to drink from a well we helped build. I also pray that as a result of the well they come to have spiritual joy as Isaiah declared, "With joy you will draw water from the wells of salvation" (Isaiah 12:3)

Let's go for a walk,
Keith
