### Exercise

For some people just hearing the word exercise makes them tired! I went to the doctor last week and they said I had a little high cholesterol. I told my wife that you know they will recommend diet and exercise to fix it. Isn't that the answer to a lot of our health problems: Diet and Exercise. The same is true spiritually speaking: Diet and Exercise. Do you hunger and thirst after righteousness. Are you filled with the Holy Spirit as you move throughout your day. The word of God is living and active and will produce movement in us to go and do God's will. Maybe if today you are not doing anything for God you need more diet and exercise. To get back in shape we have to start exercising or we will need get there. The same is true with God's word. Today is all you have. You realize if you are waiting for tomorrow once it gets here it will be today so Today is all you have.
